A full bathroom and full kitchen with a newly expanded two tier deck surrounding the cottage make it an ideal spot for BBQing or sitting back and relaxing after a day on the lake.

17 1/2 Ft. Lund Outfitter - Yamaha 50 hp
 Meet one of the best fishing boats made. These deep wide boats easily accommodate 2 to 4 anglers. With a raised casting deck, live well, bait well, front and rear fish locator (GPS), bow mount trolling motor, as well as electric start, power trim & tilt... you'll wish you had one of these boats at home. The Outfitter has ample storage room in the front, and with the power of 50 horses behind you, enough to get you back to camp in time for fish fry. The fuel injected four stroke engine assures you of a quiet and smoke free ride. They are also the standard boat included with the family package. Many of our guest fore-go the hassle of trailering their own boats, once they have experienced our quality equipment.

18-21 Ft. Pontoon Boat - Wheelchair Accessible
 Take the family or the whole fishing group out for the day on our Angler Edition pontoon boats. With a quiet 4-stroke outboard, GPS fish finder, power deploy trolling motor and ample room for gear, everyone will have fun. You can swap to the pontoon boat for the week or by the day from your 17 1/2 ft outfitter without any extra charges. Guests with disabilities have first priority of use of the pontoon boat. 

Anglers at Stanley's Resort have the opportunity to start fishing walleyes within minutes of leaving the dock. With the ideal structure a short ride away, it doesn't matter the time of the year that you come up. Your time will be spent fishing the spots, not travelling to them. With fishery enhancing regulations, Eagle Lake has become a well know destination for its large walleye, as well as the the *eater* size that you want for dinner at night.

Northern Pike, large....fast...aggressive. It's what we dream about all winter. With a variety of structure to hold pike, the way you decide to pursue them is as limitless as the opportunities. Go for that trophy, or try an excursion with a guide to our catch & release lake where 40-50 northern per person are common.

The sight of a large lake trout emerging from deep, cold, clean water is one of the most rewarding memories. Stanley's guests can be fishing the only trout holes on Eagle Lake with Lake Trout within minutes of leaving the dock. Also Stanley's Resort offers 5 portage lakes with Lake Trout as well. If you have never fished for trout before, it's well worth spending even a half of a day trying for these worthy opponents.

Smallmouth have long been know for their fantastic fight and airborne antics. Eagle Lake as well as several portage lakes are proving grounds for those who are looking to battle the bronze backs. Traditionally, springtime finds the Smallies most active, when the are making their beds for spawning. Regulations make you put the large spawners back at this time, but it sure makes for some great pictures and a great day. July brings the end of the size restriction, and a change of baits, leaning more towards deep water cranks, or even live bait.

6 species of fish
 + 68,000 acre lake
 + 6 portage lakes
 + 68 years of family operation
 = Unlimited Opportunities!!

Northwestern Ontario's Eagle Lake is approximately 90 miles in length and is one of the most scenic lakes in all of Ontario. Located on the Canadian Shield and clothed by boreal forest, it features six varieties of sportfish.

At its northwest corner, the wide open lake gives way to a narrow, 18 mile long sheltered and secluded area known as the West Arm. It consists of granite bluffs, islands, reefs, sand beaches, weedy bays, and deep drop-offs. The background picture shows how wide the West Arm is. With it being about one mile wide at its greatest point, we are always in a protected area. Our waters are home to great tasting walleye, hard fighting pike and bass, trophy muskie, deep lake trout, and a new species to some....whitefish.

Aside from the unlimited opportunities on Eagle Lake, Stanley's guests also have the opportunity to portage into any of 6 different lakes. By driving your boat up to a short portage, and then walking across carrying only your fishing gear..... another boat and motor, completely equipped with gas awaits you on the other side. This is all included in your package....No extra charges!

Considered one of the best tasting fish by many of our guests once we have served whitefish at our fish fry, you can catch them minutes away from your cottage. These deep schooling fish are great fighters and are easy to fish for...we'll show you how. Mainly sought after in late July to September, you can angle for whitefish and lake trout at the same time. If you don't have a heavy pole that is suitable for the 4 to 6 oz. of weight we use to get down to the right depth, don't worry, we have several you can borrow.

At one time Eagle Lake held the world record for muskie at 62 lbs. Trophy muskie swim the deep clear waters of the West Arm, and usually only expose themselves the the well prepared. If you fit the description, we'll show you where to start. Eagle lake has a 54 inch minimum size limit for muskie, but all muskies are CPR (catch - photo - release). Every season we see several muskies in the 50+ inch catogorey, and many more in the 40-49 inch range. We suggest taking John as a guide to at least get you started with our local tactics and techniques.

Activities

The swimming rock is always a popular spot on warm summer days.

Don't miss Tuesday night fish fry at the dock. All you need to bring are your fish stories.

Kids love to dock fish for perch. Watch out for our pet northern however!

The canoe and paddle boat are always available for no charge.

Make sure you enjoy at least one shorelunch on your vacation. It's a Canadian tradition.

Excursions and Fly-outs

Here are a few of our popular excursions, view more at www.stanleys.com

How about a 20 minute floatplane flight around the area. View Eagle Lake and our surrounding portage lakes, Keep a sharp eye out for moose or any other animals. Flights are available after fish fry, and should be booked before Tuesday. \$70 US per person,

Hire a professional guide for the day. Our guides strive to teach you how we catch fish in our area, and make sure that your day is a memorable one. You choose what species to target, and what lake you want to fish. Don't forget that shorelunch is included, a necessity of any fishing trip. \$255 for 2 adults (\$15 for each extra adult)

Take a guided excursion to our catch and release northern lake. Drive your car to the landing and in 45 minutes you are catching 20 - 50 northern per person. Sizes range from "hammer handles" to "lunkers". Keep a couple for shorelunch, and let the rest go. Great for sportsmen and kids. \$255 US for 2, \$15 for each extra adult. (max 6 adults)

Take a fly-in trip to one of our local lakes starting at \$250 US per adult (min 2 adults). Stanley's also works with our local air charter company and has fly-out service available right from our dock to over 20+ remote fly-in only lakes. These day trips costs vary by the size of group and the distance flown to the lake. You can book these day trips once you arrive at Stanley's by talking with Rob and going over the different lake options. Due to the high aircraft costs, you can expect the fly-outs to start in the \$275+ per person range, and increase based on distance. The whole experience may outweigh the cost factor, and it might be something you want to budget for.

John-Allen is a all-species guide but a muskie enthusiast. With a 55 inch muskie in his books, John is looking to trying to top it each season. John is in-tune with the patterns, colors, and new theories about these elusive fish. John is a great guide and will put you on the spots where the fish are. He is also great at teaching new comers and veterans alike his techniques and tactics. What ever experience level of a fisherman you are, a day with John as your guide will prove to be a rewarding experience. \$255 for 2 adults (\$15 / extra adult), \$155 evening run (5:30 - dark),

Larry is local guides that have been fishing the West Arm for years. Whether fishing Eagle Lake or the portage lakes, these guides experience and easy going personalities make for an awesome day on the water. \$255 per day for 2, (\$15 for each extra adult).

How to get here.....

Stanley's Resort is located in Northwestern Ontario, Canada. We are eight miles west of the town of Vermilion Bay. Guests can drive paved roads right to your cottage door. We have only one mile of gravel between the resort and the Trans-Canada highway, and once you are at the resort, the driveway is paved. Most travellers from the midwest will cross the border into Ontario at International Falls MN. From there you are only about 3 hours from Stanley's.

Chicago.....800 Miles...13 hours
Milwaukee.....710 Miles...12 hours
Minneapolis...475 Miles.....8 hours
Omaha.....850 Miles...13 hours
Ft. Frances.....150 Miles.....3 hours
Winnipeg.....150 Miles.....3 hours

Vaccination Status

Currently we are expecting for the 2022 season that visitors crossing into Canada must be fully vaccinated if they are eligible. There also may be a requirement for pre-arrival testing before crossing the border. Visitors will use the ArriveCan app to enter their information prior to arrival at the border.

Fishing Licences

Stanley's Resort is proud to promote conservation by including a conservation licence in every fishing package. The limits for a conservation licence are 2 walleye, 2 northern, 2 smallmouth, 6 whitefish and 1 lake trout. If you so desire you may purchase a full limit licence for approximately \$65 US. The limits are then 4 walleye, 4 northern, 4 smallmouth, 2 lake trout, 12 whitefish and 1 muskie. *Eagle Lake and surrounding portage lakes have slot sizes, daily possession as well as length limits.* These must be obeyed at all times. Your limit is tallied daily by our staff and includes any fish that are in the resort freezers.

Deposits / Cancellation

Stanley's Resort requires a \$200 US per adult deposit to secure your reservation. Deposits must be received within 10 days of making a reservation. Deposits are refundable within 90 days of the trip date, less a 20% administrative fee. If cancellation is made less than 90 days, the entire deposit will then be forfeited.

Check-in / Check-out

Stanley's Resort adheres to the highest standards possible. We want to make sure that your equipment and cottage is ready for you upon your arrival. Thus check-ins before 2:00 PM on Saturdays are not possible. Check-out time is 9:00 AM the following Saturday, and guests should settle their accounts by 7:00 PM the night before (Friday).

Final Payment / Taxes

Stanley's Resort will accept cash, travellers checks, personal checks and Visa/ MC for deposits and final payments. Being a small business, Stanley's would prefer cash, travellers check or personal check for payment. *Please note, that your credit card company may charge you up to 3% surcharge for an out of country transaction.* All of Stanley's packages are subject to 13% HST (taxes).

Boat / Motor Damage Insurance

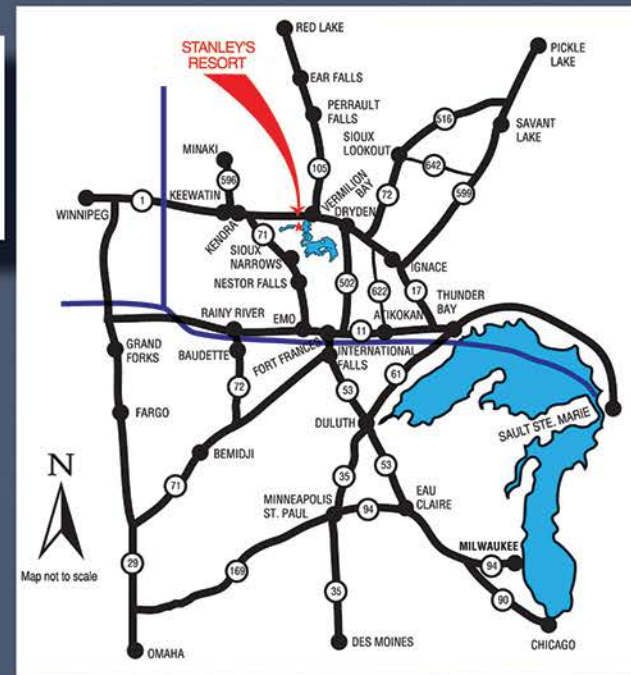

Stanley's now includes standard boat insurance with all packages using our boats. Small claims are covered with no deductible (props / skegs), and major damage claims require a \$500 deductible (per occurrence). Zero deductible insurance can be purchased for your stay \$125 US per boat / week.

Crossing Into Canada

U.S. visitors need to have a passport to cross back into the US at any land crossing or airport. Your passport will work fine as identification to enter into Canada. If you are bringing children other than your own, you must have proper authorization in the form of a notarized letter and identification for the child. Visitors with a prior criminal conviction may be denied entry into Canada, please check into your admissibility prior to arrival at the border.

Pets

By request of our guests, Stanley's Resort has a no pet policy. Sorry, no exceptions. Service animals are always allowed.
