

# Stanley's Resort

## Check out our cottage photo album

At Stanley's, we take pride in our cottages. We offer clean, well stocked, well maintained spacious cabins. We are fully serviced by Ontario Hydro, so you have a un-interrupted supply of power, with out the restrictions or noise of a generator. Our cottages

feature a full sized electric fridge, stove, electric base board heat, electric hot water, as well as microwaves, coffee makers and toasters.

The cottages come completely stocked with all linen, towels, bedding, blankets, pillows and bead spreads. We also

supply garbage bags, coffee filters and dish soap.

The living rooms has couches, reading chairs, TV/DVD player, wireless internet. The deck has patio furniture as well as a charcoal grill.
